

DEPARTMENT OF THE ARMY
Headquarters and Headquarters Company
555th Combat Engineer Group
Fort Lewis, Washington 98433

29 February 1996

Dear Sir or Ma'am,

I highly recommend Specialist Jeffrey B. Daughtry as an outstanding employee, a self starting young man, and a fine American. He is intelligent, works well with superiors, peers, and subordinates, and has a very mature work ethic. If I owned my own company, it would be a pleasure to hire Jeff Daughtry.

I have known Specialist Daughtry for over two years, and have served as his commanding officer for 23 months. In this time I have seen Specialist Daughtry excel at his given specialty of Communications Specialist. In addition to his work experience, Specialist Daughtry was selected to represent his peers in a community wide quality of life improvement group. He gives freely of his time and talents to go the extra mile to ensure quality results.

Specialist Daughtry's most endearing qualities are his honesty and integrity. He has always shown the moral courage speak up for and to do what is right, and to take responsibility for his actions, even when faced with difficult consequences. Because of this, I value his opinion and counsel.

Jeffrey Daughtry will be a positive influence and great asset to any organization. I give him my highest recommendation.

MICHAEL A. MORAN
Captain, United States Army
Commanding Officer
