To Whom It May Concern,

I am writing this letter in support of employment for Mr. Jeffrey Daughtry. I have worked with Mr. Daughtry for approximately three years.

Mr. Daughtry has strong leadership qualities and is a team player. He is well liked among his colleagues. He is a passionate spokesperson for the Wounded Warrior Project and works tirelessly for veteran affairs and services.

Without hesitation, I would recommend Mr. Daughtry for any position you may have available in your veteran organization. I welcome your call should you have any questions.

Sincerely,

Christina Bowman
Head of School

RE: Dr. Jeffrey Daughtry

Dr. Daughtry has been a mathematics teacher at the Sarasota Military Academy for approximately 5 years. During his tenure with the academy, he has been extremely involved in various patriotic efforts. One, in particular, stands out. Dr. Daughtry led the academy effort during the 2013-14 school year to support the Wounded Warrior Project. He worked tirelessly on organizing fund raising and other efforts to support this most important cause. We were all amazed at how he ignited the support of the cadets behind his leadership.

The faculty, staff, parents, and cadets were extremely honored to receive the State of Florida Award for support of the Wounded Warrior Project. It is expected that this effort will become part of the academy tradition in future years.

I would like to commend Dr. Daughtry for his generous and dedicated efforts supporting our Veterans. Dr. Daughtry is a Veteran himself and he well understands the needs of returning warriors. Dr. Daughtry is a true American Patriot.
