

To: Christina Bowman, Head of School

Cc: Brigadier General Frank Laudano, Commandant; Daniel Kennedy, CEO; Penny Schroeder,
Mathematics Department Chair

Ref: Letter of Resignation

Date: May 12, 2014

I hereby voluntarily tender my resignation from my treasured position as an instructor of mathematics at Sarasota Military Academy immediately upon conclusion of my contractual obligations for the duration of the current academic school year.

Words cannot begin to adequately articulate the gratitude and appreciation of the overwhelming unconditional support my family and I have experienced the last three years at this exemplary educational institution of learning.

I pray in my absence the school will continue with the prearranged volunteer engagements established via our Sarasota Military Academy Wounded Warrior Project Student Ambassadors. Our students have demonstrated an unwavering passion in fulfilling our goals to raise awareness and enlist the public's aid for the needs of injured service members.

I am truly honored to have had an opportunity to work with such a superior group of professional educators and firmly believe I am a better teacher and father as a result of this phenomenal experience.

Thank you for all that you do to ensure a safe and secure instructional environment conducive to student learning.

Sincerely,

Jeffrey B. Daughtry
Instructor of Mathematics, Sarasota Military Academy
