### RE: JEFFREY B. DAUGHTRY

To Whom It May Concern:

It is a pleasure to write in regard to the future employment of Jeffrey B. Daughtry. Mr. Daughtry is a math teacher at Bethel Junior High School and has been responsible for the education of hundreds of students. It is a pleasure to have him in Bethel School District and I wish we could retain him for the future, however, his military service has priority.

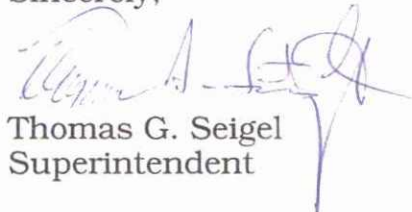

I recently had the opportunity to personally observe Mr. Daughtry in action during his third period mathematics class. My comments to him in a recent note summarize my experience, "That was a great class. What a wonderful way to work through complex problem solving and even I was thoroughly engaged in thinking! Great job! Great class!"

I've discussed Mr. Daughtry's performance with his principal, Jennifer Bethman, and she is equally complimentary and laudatory of his skills, not only in teaching mathematics, but also in his ability to relate and motivate adolescents.

Mr. Daughtry would, without a doubt, be hired instantly if he were to return to the Bethel School District area. Whoever hires him in the future will truly gain a quality mathematics teacher.

Please feel free to call if you have additional questions. My phone number is (253) 683-6011.

Sincerely,

Thomas G. Seigel  
Superintendent
