

Letter . of . Commendation

As Sgt. Daughtry leaves Quebecor I would like to take the opportunity to commend his sustained excellent performance.

Sgt. Daughtry had been instrumental in effecting continual improvement and changes in our organization. Always punctual, always courteous, and always in control of any situation, he has proven a valuable asset time and again. It is clear, that where ever his trail leads, he will be a successful part of and team no matter how small or large. His leadership skills as security supervisor has show consistent, calculated methods, continuous logic and genuine concern for all of our crew and resources. At times, Jeff has endured up to 150 crew members contained in a 40,000 square foot warehouse. I have never seen Sgt. Daughtry overwhelmed by anything our company has tasked. Any future companies lucky enough to bring him on, will find him an immediate attribute as we have for quite some time.

With great commendation,

Production Manager, Quebecor Integrated Media
