Dear Mr. Jeffrey Daughtry:

You were nominated for Teacher of the Year. Here is what your colleague(s) say about you

Mr. Daughtry has only been here for one year. However, he truly supports and believes in the vision of ARMS. He is a very dedicated Math teacher who believes that all children can excel regardless of their circumstances. Mr. Daughtry continues to place academics first even in the area of athletics. He has faced many unpredictable and unpleasant confrontations with parents because of his goal in placing academics and behavior as priority. I commend Daughtry and I believe he represents what all coaches and teachers should aspire to be.

Mr. Daughtry is finishing up his first year at ARMS. He took on the responsibility of coaching the football team in addition to teaching 7th grade math exceptionally. He completed the coaching duties professionally and gained the respect of many of the parents. He is a wonderful math teacher, as he makes sure his students receive lessons that encompass real world activities.

Mr. Daughtry came in and has done a great job on his team, with football, and has stepped in as administration when needed. He also took over the job of Athletic Director when Mr. Phillips left. He is well liked and respected by students and teachers alike.
